Heading his VW bug out of L.A. for a well-deserved short vacation in the desert, at "The Springs," popular physique star Al Parker's thoughts kept flashing ahead to the fabulous three-day weekend he was expecting to enjoy at the invitation of the knockout number who would be his host.

Blond, tall, athletic Damon Pyle was several cuts above even the herd of hot, hunky numbers one could expect to meet and make at "The Stockyards," Al's favorite Valley dance bar. The two intense days and heavy nights of sex they had shared were special, even to a veteran like Parker.

Then Damon had split back home to Palm Springs and a couple days later came the phone call inviting Al down for the holiday weekend. And now, here he was buzzing south and fantasizing about Damon's beautiful body and incredibly versatile tool.

Thoughts of three day's balling with the blond athlete had Al's crotch swelling his jeans to the point of real discomfort. His cock was independently anxious for the upcoming rendezvous! Finally, impulsively, Al pulled the red VW over to the side of the deserted mountain road shortcut he was taking and got out of the car. Freeing his heated shaft from jeans and briefs, he began to stroke himself some reief, when, without warning...

...a county sheriff's patrol car rounded the bend!

As quick as Al could stuff and zip, a young bearded, burly uniformed deputy had busted him for indecent exposure and lewd and lascivious conduct. He manacled Parker's hands behind his back and roughly forced the physique star into the back seat of the patrol car.

"What about my Bug?" protested Al as the drove off.

"I'll send a tow for it," replied the deep-voiced deputy. "Figure you won't be needin' it for awhile."

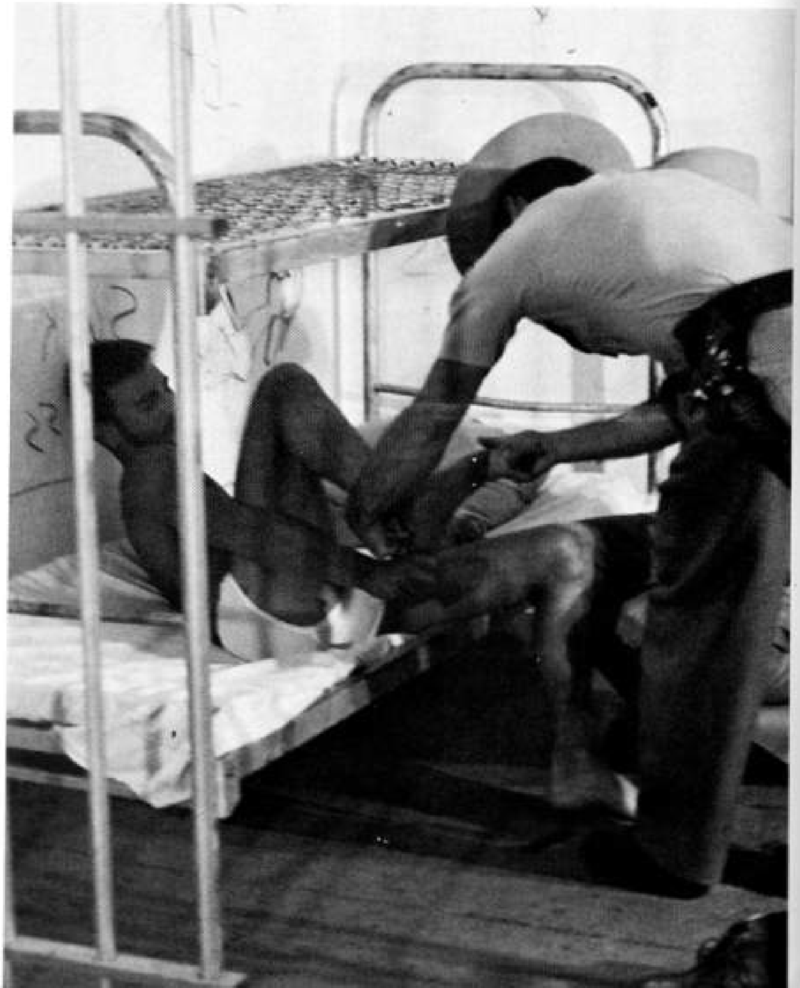
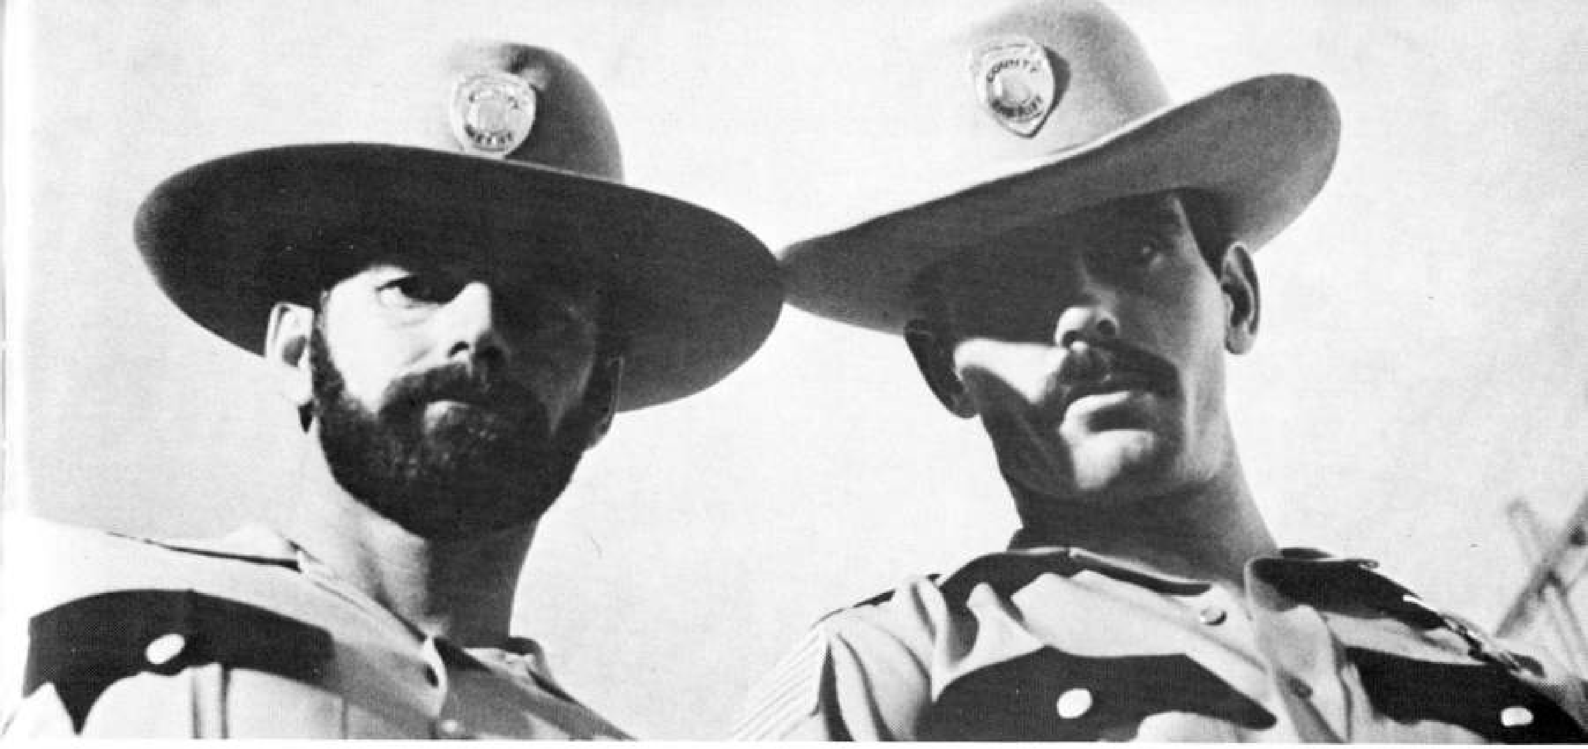
Arriving after a short drive at the County Sheriff's Station of a small southern California country town, the deputy and Parker were received by another uniformed deputy -- tall, dark, moustached and hunky as hell, thought Al as the latter approached the patrol car.

"Whatcha got there, Johnson?" asked the sun-shaded tall deputy. "Another hippy hitchhiker?"

"Naw, this punk's one of them sex deviates, Harper," "Would you believe I caught him beatin' his meat big as life, right there beside his parked car a few miles back on 38? Caught him red-handed, so to speak!" he laughed huskily.

The two deputies pulled the handcuffed Parker from the car and, after frisking him over the fender, hustled him into the adobe sheriff's station, routinely booking him, they then roughly shoved him back to the empty cell block. There they unmanacled him and stripped him bare-assed naked..."Just so you don't try nothin' foolish." Al thought the two deputies were suprisingly free with their hands as they pulled his clothes off.





"How long you planning to keep me here?" demanded a now-naked-but defiant Parker, whose weekend plans were obviously shattered.

"Long enough," replied Johnson, smiling from outside the cell bars. "Might even happen that we'll misplace this key here," he added, laughing.

"Sickos likes of you oughta be in cages," added a chuckling Harper.

Al Parker was pissed. A fantasy dream weekend was off and, even worse, here he was locked up, stark naked, in some one-horse rural pokey -- under arrest as a sex deviate -- with a couple of jailers who obviously weren't going to make this mess any easier for him.

As he lay on the bunk in his cell, staring at the peeling ceiling, assessing his predicament, Parker drifted, dozed then dreamed.
